You will be blessed when you receive your partnership package that shares the goals of Global Vision 2020 which ends for us October 2020.

# Embassy Empowerment Missions

## Education-Economic Empowerment-Evangelism

There are many missions outreaches today that focus on Africa's existing populations but the problems go far beyond. The truth of the matter is that the problem stems from Africa throughout the world. Diaspora-The dispersion of any people from their original homeland; a group of people who live outside the area which they had for a long time or in which their ancestors lived. Slavery a ugly word and a ugly act that lead to the disbursement of Africans to Brazil' Spain; Puerto Rico; Columbia and the United States. The Embassy Empowerment Mission is designed to educate, economically empower and evangelize Africans and the Diaspora starting with home and foreign missions. Home being the US and our first foreign mission outreach is to Liberia. While our goal is to reach the people n Liberia with a 'hand up' not a 'hand out'; we will also reach the Diaspora here in the United States. While we educate African Americans on their heritage and teach how to become financially self sufficient we want to change the mindset; stop being a mission and do missions. There are less than 300 full time African American Missionaries worldwide. While much comes from ignorance the main reason is lack of financial support to do missions and provide for their families. The Embassy Empowerment Missions has a major goal to change the complexion of this issue. Finally Evangelism; as we share the message of the Gospel and the Cross; we will also teach and train for discipleship and for the responsibility to reach out to others. We are here to reach a nation; change a mindset and advance the Kingdom of God. Welcome to The Embassy.

### What do you really know about Liberia?

Liberia is the only country in Africa founded by United States colonization while occupied by native Africans. Beginning in 1820, the region was colonized by black people from the United States, freedslaves and African Americans born in the US. In 1847, this new country became the Republic of Liberia, establishing a government modeled on that of the United States and naming its capital city Monrovia after James Monroe, the fifth President of the United States and a prominent supporter of the colonization.

In 2005, Dr's. Will & Brenda Chambliss began reaching out and doing missions in Liberia; with Pastors Agnes & Blately Williams. They had 3 children one daughter Brenda and 2 sons, Samuel and Elijah. On April 25, 2013, their oldest son Samuel from the results of Malaria after being bit several. Ironically, April 25th is World Malaria Day. This was the birth of 'Save A Life-Buy A Net' Anti-Malaria Campaign.

### Embassy Empowerment Mission Liberia Save a Life-Buy a Net" Anti- Malaria Campaign

Agnes & the late Samuel Williams

In Africa, every 45 seconds a child dies from malaria, the result of being bit by an infected mosquito. For those who survive and reach maturity, many face debilitating side effects from larva that remain dormant in the brain. Empowerment Missions Liberia focuses on helping Liberia rebuild after the result of the civil war which killed over 250,000 people, many males. Our unique logo designed high quality insecticide treated nets (ITN) cover a family up to six. Subscribers to Body Builders Television Network help us provide mosquito nets; solar lights, and more. Yes; subscribers help us Save A Life and Buy A Net.

# BODY BUILDERS Television Network

*"Where Leaders Are watching"*

Pastors, Ministry and Business Leaders are turning to Body Builders Television Network to watch the most diverse collection of Christian programming around the globe; from a Kingdom perspective. Preaching; Teaching; Interviews; Music, Conferences & Crusades many uncut; all designed to give our viewers a true experience that is the next best thing to being there. ## Pastors, Founders & Host-Dr's. Will & Brenda Chambliss

Independent Senior Pastors (emerging, accomplished or transitioning) you are invited to join us for 4 days and three nights of Kingdom Business. We will share Global Vision 2020 Media, Ministry & Missions what began in Jan 2014 and ends October, 2020 and our ministries:

Embassy Empowerment Missions;

Harambe Magazine;

Embassy Media Group,

Body Builders Television Network

E.P.I.C., Embassy Pastor of Independent Churches Network

Additionally there will be workshops, music and powerful messages designed to bless Pastors and encourage them in fulfilling their Kingdom assignments. Designed to be intimate we have limited registrations to 100. If you are an Independent Pastor, what goals do you have for the next seven years? Does media fit into your overall vision? Is your local church mission minded and supporting missions? Contact us to register: (828) 389-7009 or email is at: [embassymediagroup@gmail.com](mailto:embassymediagroup@gmail.com) and visit our websites: [www.erepcl.com](http://www.erepcl.com)
